Approved February 29, 2012
Revised September 16, 2016
Next scheduled review: September 16, 2021

Rule Statement

Texas A&M University (TAMU) will provide equal opportunity to all employees, students, applicants for employment and admission, and the public regardless of race, color, religion, sex, national origin, disability, age, genetic information, veteran status, sexual orientation, gender identity or any other legally protected status.

Reason for Rule

This Rule supplements System Regulation 08.01.01, by designating the Official Contacts for the receipt, investigation, and resolution of illegal discrimination, sexual harassment, and/or related retaliation complaints.

Rule and Responsibilities

1. RESPONSIBILITIES

Any employee who experiences, observes, or becomes aware of illegal discrimination, sexual harassment, and/or related retaliation must promptly report the incident(s).

A student and third party should also promptly report the incident(s).

Only certain employees may keep reports of violations confidential: licensed health care personnel and licensed counselors when acting in this capacity as part of their official employment. All other employees informed of possible illegal discrimination, sexual harassment, and/or related retaliation should advise the reporter that they cannot keep the information confidential and are required to report it. Employees should also inform the reporter where confidential guidance can be obtained (see section 2 below).

Non-confidential reporting is considered private but not confidential. The designated official or designee is responsible for evaluating requests for privacy. Although the confidentiality of information received, the privacy of the individuals involved, and the wishes of reporting party, complainant, and/or alleged offender cannot be guaranteed, they will be protected to the extent possible. The university is committed to protecting the privacy of all involved parties, and will maintain information in a secure manner.
