SAP Statement

This Standard Administrative Procedure is set forth to provide guidance on salary increases not awarded through the budget cycle. It is the practice of Texas A&M University to award salary increases through the regular budget cycle. As with all practices, some flexibility is needed to respond to exceptional circumstances. Included in this procedure are types of salary increases that may be considered outside the regular budget cycle.

The responsible Human Resources unit is based on the type of position: The Division of Human Resources and Organizational Effectiveness (HROE) is responsible for staff positions. The Division of Research is responsible for non-faculty research positions (including TAMUG). Faculty Affairs is responsible for faculty positions. Texas A&M University at Galveston (TAMUG) Human Resources is responsible for TAMUG staff positions.

1.1 An increase is determined to be outside of the regular budget cycle if it is not approved and submitted during the annual budget process, in accordance with the budget calendar and guidelines issued by the Texas A&M University System.
