Rule and Responsibilities

1. GENERAL

1.1 Merit Salary Increases are governed by System Regulation 31.01.08, Merit Salary Increases.
1.2 Merit Salary Increases may not be funded every fiscal year, due to fiscal constraints or other budget considerations. Merit programs are authorized by the system member CEO and approved by the Board of Regents in the budget approval process.

1.3 Merit Salary Increases within each division of the University are based on the annual budget guidelines and are not considered to be entitlements. Budget guidelines and merit process instructions are communicated by the appropriate Budget Office. Departments are required to keep approval documentation for record keeping purposes.

1.4 Temporary/Casual employees are typically not eligible to receive Merit Salary Increases through the budget process. If an increase is approved outside of the budget process, departments shall maintain approval documentation for any performance-based pay increases to confirm the criteria in section 2 is met. For guidance, contact the appropriate Human Resources unit.

1.5 Texas A&M, Division of Research, Faculty and Galveston Positions:

1.5.1 One-Time Merit Payment:

1.5.1.1 If the criteria of this University Rule are met, a One-Time Merit Payment up to $10,000 (cannot be grossed up) may be awarded to an employee. The payment may be paid from any source of funds if the funding is available in departmental budgets.

1.5.2 A Merit Salary Increase may include the combination of a Merit Raise and a One-Time Merit Payment with the same effective date.

1.5.2.1 In the case of staff positions and non-faculty research employees in System-wide Pay Plan (SWPP) titles, who are paid close to or above the SWPP title pay grade maximum, it is strongly encouraged to provide a One-Time Merit Payment to such employees in lieu of a Merit Raise. Merit Raises provided to employees that are above the SWPP title pay grade maximum will be reviewed annually by HROE and may be subject to additional justification and approval.

1.5.3 A One-Time Merit Payment may be awarded to an employee (excluding positions that require student status) who has successfully completed a special project of significant importance to warrant special recognition (criteria outlined in section 2 must be met), or in accordance with section 1.5.2.1.
1.5.4 Exception: The President may approve a One-Time Merit Payment if six (6) months has not elapsed since the last Merit Salary Increase if the One-Time Merit Payment is given for the employee’s performance during a natural disaster or other extraordinary circumstance. The employee must meet criteria as stated in System Regulation 31.01.08, Merit Salary Increases.

1.6 Student Positions:

1.6.1 For guidance on student positions (including graduate assistants), refer to section 5.
