

## STANDARD ADMINISTRATIVE PROCEDURE

### **34.99.99.M0.01 Slow Moving Vehicles**

*Approved May 27, 2014*

*Revised December 16, 2016*

*Revised July 21, 2021*

*Next scheduled review: July 21, 2026*

---

#### **Statement and Reason for SAP**

The intent is to establish proper safety procedures; identification and registration; parking; routes; and access for Slow Moving Vehicles operated on or off university property when conducting university business to provide a safe environment for students, faculty, staff, and university visitors.

---

#### **Definition**

**Slow Moving Vehicle (SMV):** SMVs include golf carts and utility type vehicles such as but not limited to, Mules, Gators and Rangers, which have no less than three wheels, a maximum speed of 25 mph, and are used by departments, contractors and private partners to move people and materials on or off university property when conducting university business. Vehicles not licensed via the Texas Traffic Code must be governed (via speed control mechanism) to not exceed 25 mph. Personally owned SMVs are prohibited from operating on University property. Personal mobility devices are not classified as SMVs. SMVs strictly used by contracted security and owned by Texas A&M School of Law are exempt from this SAP.

---

#### **Official Procedure**

SMVs used on university property and university/public roadways must have university-required markings, including vehicle number (College Station campus) and department name. Additional markings, such as department logo may be added. Approved temporary-use SMV owners will be provided instructions for complying with vehicle marking requirements. Vehicles on the College Station campus should obtain these required markings from Transportation Services.

#### **1. SMV SAFETY EQUIPMENT**

- 1.1 SMVs must be equipped and maintained in working order with certain features including, but not limited to:
  - Front/rear turn signals
  - Rear stoplights/ tail lamps
  - Headlights (2), if operated after dusk and before dawn
  - Mirrors – must have one of the following: rear view driver side or interior rear view
  - Parking brake
  - Slow moving vehicle triangle
  - Ignition/on-off key to prevent unauthorized use
- 1.2 Recommended/optional equipment for SMVs include:
  - Flashing hazard lights
  - Strobe/beacon light
  - Doors/steering wheel locks
  - Audible back-up alarm
  - Windshield
  - Seatbelts (may not be optional on some SMVs)
  - Horn

## 2. TRAILERS PULLED BY SMVs

- 2.1 Trailers pulled by SMVs must clearly display the slow moving vehicle reflective triangle.

## 3. SMV DEPARTMENTAL REQUIREMENTS

- 3.1 Departmental obligations in regard to SMVs include the following:
  - College Station campus - SMVs must have an approved location where they can be safely stored when not in use.
  - College Station campus - Regardless of method of acquisition, departments must advise Transportation Services when SMVs are received. All SMVs purchased through Transportation Services will come with all required equipment and markings. Transportation Services will maintain a list of all SMVs registered on campus. Each entity is responsible for furnishing information on the sale, transfer or disposal of any SMV as it occurs.  
Request to Purchase SMV: <http://transport.tamu.edu/Fleet/reqservice.aspx>.
  - Each SMV approved for long term or temporary use on campus, regardless of ownership, must be properly registered, permitted and/or marked to identify the entity responsible for its operation.
  - College Station campus - Departmental Parking Representatives need to register or request parking for SMVs by logging in to their My Fleet/ Departmental Parking web page  
<https://transport2.tamu.edu/DPRWeb/login.aspx>.

## 4. SMV MAINTENANCE

- 4.1 University-owned SMVs must be maintained in accordance with manufacturer's specifications:

- Departments are responsible for keeping all original equipment and safety features in good working order and complete a checklist available [here](#) every two years and keep it on file.
- Modification or tampering with SMV speed governor is prohibited and a violation of federal law.

## 5. SMV DRIVER REQUIREMENTS

5.1 University employees and non-employees who have been given permission to operate a SMV must:

- Possess a valid driver's license.
- Complete Safe Operation Training. Documentation of completion is required and must be maintained by each department
  - Employee training is accessed through TrainTraq.
  - Non-employee training is accessed from <http://transport.tamu.edu/alternative/smv.aspx> and <http://www.tamug.edu/EnvironmentalHealthSafety/OccupationalHealthandSafety/SlowMovingVehicles.html>.
- Operate each SMV in a safe manner. Failure to follow this procedure or to obey the Texas Traffic Code could result in a citation from University Police, appropriate disciplinary action, and/or suspension of an operator's SMV driving privileges. Safe operation procedures for:  
TAMU at College Station - <http://transport.tamu.edu/alternative/smv.aspx>,  
TAMU at Galveston - <http://www.tamug.edu/EnvironmentalHealthSafety/OccupationalHealthandSafety/SlowMovingVehicles.html>.
- Drive on authorized travel paths only:
